

# Valentine's Day

YEARS 4 - 6

It's Valentine's Day! Ace and Addie made plans with their new friend Lovey to celebrate with a picnic together. Lovey got there early, but Ace and Addie are running late!

Help Ace and Addie find Lovey at their picnic spot by solving all the problems inside the heart, and colouring in the path that has all the same answers.

Start here

$3 \times 5 - 4$		13 doubled			
4	one less from a dozen	$8 + 7 - 6$	20		
$9 \times 2 - 11$	$110 \div 10$	15	$36 - \_ = 18$	two less from a dozen	
5	$89 - \_ = 78$	7	Quarter of 12	$6 \times 3 - 7$	3
$6 + 25 \div 5$	$6 - 5 + 4$	13	Quarter of 44	$9 + 8 - 6$	
11	$48 \div 8$	$7 + 5 - 4 + 3$	$46 - 24$		
10	$5\frac{1}{2}$ doubled	$\_ + 27 = 38$	$8 \times 2 - 6$	20	
5	$21 \div 3$	$12\frac{1}{2}$ doubled	8		
$2 + 12 - 6$		7
